Allowable Subject Matter

1. Claims 1, 3-5, 7-8 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 5, the prior art of Kaku directed to a radio telephone network and the prior art of Donahue directed to a computer network. Even though, both teach method of reconnecting a disrupted transmission data, there is no motivation to combine these references because the teachings are from two disparate references. As the result, failing to establish *prima facie* obviousness.

Regarding claims 3-4, 7-8, these claims are allowed as being dependent upon independent claims that have been allowed.
